

UNITED STATES OF AMERICA
FEDERAL ENERGY REGULATORY COMMISSION

Tarpon Whitetail Gas Storage, LLC

Docket No. CP08-46-000

NOTICE OF APPLICATION

(January 8, 2008)

Take notice that on December 21, 2007, Tarpon Whitetail Gas Storage, LLC (Whitetail), 3010 Briarpark Drive, Suite 550, Houston, Texas 77042, pursuant to section 7(c) of the Natural Gas Act (NGA) and Parts 157 and 284 of the Commission's regulations, filed an abbreviated application for certificates of public convenience and necessity, seeking authority to own, operate, construct, install, and maintain a high deliverability natural gas storage facility in Monroe County, Mississippi; to provide open-access firm and interruptible storage and hub services in interstate commerce at market-based rates under 18 CFR Part 284, Subpart G; and to undertake the limited construction and operation activities permitted under 18 CFR Part 157, Subpart F. This filing is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's website at <http://www.ferc.gov> using the "e-Library" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, contact FERC at FERCOOnlineSupport or call toll-free, (866) 208- 3676, or for TTY, (202) 502-8659.

Specifically, Whitetail states that the project will consist of up to twenty injection/withdrawal wells and a total working gas capacity of up to 8.6 billion cubic feet. Whitetail proposes to offer open access firm and interruptible storage and hub services and requests authority to charge market-based rates for its proposed services. The proposed terms and conditions for Whitetail's services are included in the pro forma tariff included in the application.

Any questions regarding this application should be directed to James F. Bowe, Jr., Dewey & LeBoeuf LLP, 975 F Street NW, Washington, DC 20004-1405 at phone number (202) 862-1000, Fax number (202) 862-1093 or email jbowe@dl.com.

Pursuant to section 157.9 of the Commission's rules, 18 CFR 157.9, within 90 days of this Notice the Commission staff will either: complete its environmental assessment (EA) and place it into the Commission's public record (eLibrary) for this proceeding; or issue a Notice of Schedule for Environmental Review. If a Notice of Schedule for Environmental Review is issued, it will indicate, among other milestones,

the anticipated date for the Commission staff's issuance of the final environmental impact statement (FEIS) or EA for this proposal. The filing of the EA in the Commission's public record for this proceeding or the issuance of a Notice of Schedule for Environmental Review will serve to notify federal and state agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all federal authorizations within 90 days of the date of issuance of the Commission staff's FEIS or EA.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date stated below, file with the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 14 copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commenters will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commenters will not be required to serve copies of filed documents on all other parties. However, the non-party commenters will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

Docket No. CP08-46-000

3

The Commission strongly encourages electronic filings of comments protests and interventions via the internet in lieu of paper. See 18 CFR 385.2001(a) (1) (iii) and the instructions on the Commission's web (www.ferc.gov) site under the "e-Filing" link.

Comment Date: January 29, 2008

Kimberly D. Bose,
Secretary.
